

the new 'f' word this summer

'fizzi' appetite control from herbex

A refreshing sensation in your mouth that's also good for your figure. Tingly on the lips and great on the hips. This safe, fast-acting formulation reduces hunger pangs and cravings naturally. It's convenient, great tasting and affordable. Along with your sun-block, slip slops and cellphone, make it part of your summer essentials. Available in Fizzi Tabs and Granules, it's your secret weapon against random snack attacks. So, use the new 'f' word next time you go shopping and put the 'fizz' back into your figure.

Herbex Appetite Control Fizzi Tabs and Granules are formulated to manage the appetite safely and naturally. To achieve and maintain your goal weight, we recommend you follow a healthy diet and exercise programme. **Available at pharmacies, Dis-Chem stores and selected supermarkets.**
